Buy 2 get 1 FREE
(same package)

1 We have designed the shape of our handle to be smaller and practical in size, so that it uses up to 65% less plastic than some leading brands

2 Instead of using new plastic, we use 100% recycled plastic for the brush handle and 50% recycled plastic for the protective cap. This recycled plastic is made using waste materials left over from other manufacturing processes.

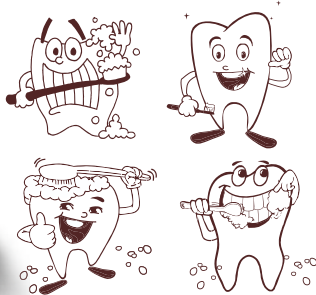

3 Unlike some other brands who package interdental brushes in unnecessarily large plastic boxes and bags, we use a cardboard box which is 100% plastic free and easily recyclable

Greenline bamboo cups

Looking to cut down on plastic use? Switching to bamboo cups is a simple and easy change that can have a big impact on reducing plastic waste in your surgery. Here are some reasons to make the switch to using bamboo:

1 Bamboo is the world's quickest growing plant and provides a sustainable source of material. When bamboo is cut down to make paper, it is able to quickly recover to be harvested again.

2 Bamboo absorbs a large amount of CO² emissions as it grows, which helps to offset human carbon emissions.

3 Our Greenline outer carton is 100% recyclable.

DISPOSABLE MICRO APPLICATORS

Greenline micro applicators mini

In an effort to limit the environmental effect of one of the most used items in a dental surgery we came up with some great ideas:

- Bends into any angle for the placement of small controlled amounts of material in limited access areas.
- Economical - saving up to 80% by the reduction of excess materials used.

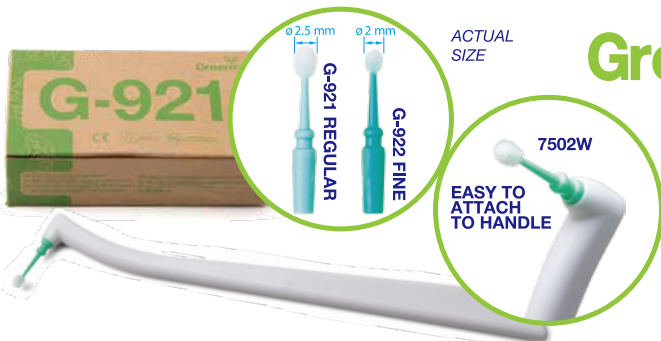

- 1 We designed the handle to be a smaller, more practical size that reduces the amount of plastic used by 50% in comparison to competitor products.
- 2 Instead of new plastic we used 100% recycled plastic. This recycled plastic is made using waste materials from other manufacturing processes.
- 3 No more plastic tube that can use up to a third of the amount of plastic as the actual product - just a 100% recyclable box.

Greenline Micro Applicators Mini
 (Length 85 mm, dia 2.5 mm handles) 100 pcs/box 10 x 100 pcs/pack
 G-9901 Regular (dia. 2.5 mm) Light Green £3.95 £22.00

Greenline micro applicator tips

Our most environmentally friendly micro applicators:

- For the placement of small controlled amounts of material in limited access areas.
- Economical - saving up to 80% by the reduction of excess materials used.

- 1 By using a micro applicator tip you save 80% of the plastic that you would normally use in the handle of a standard micro applicator.
- 2 An autoclavable handle saves plastic. Clean it, autoclave it and re-use it. Simple and effective.
- 3 100% recyclable cardboard box. Recycling means preventing pollution by reducing the need to collect new raw materials.
- 4 Instead of new plastic we use 100% recycled plastic. The recycled plastic is made using waste materials from other manufacturing processes.

Greenline Micro Applicator Tips 100 pcs/box 10 x 100 pcs/pack

Greenline air-water syringe tips

Reusable products are a great idea. Unfortunately, trying to clean the inside of a reusable metal air-water syringe tip is just not possible and if you can't clean it, you can't guarantee the effectiveness of its sterilisation. This means that using a disposable plastic air-water syringe tip is the only way to guarantee avoiding cross contamination.

1 Our Greenline air-water syringe tips are made from 100% recycled plastic, using waste materials left over from other manufacturing processes.

2 The Greenline air-water syringe tips are packaged in 100% recyclable cardboard boxes, instead of large plastic bags, helping to reduce the amount of plastic packaging in your surgery.

- Directly interchangeable with American type syringe tips (long), or European syringes which have been converted to use American type syringe tips (short)
- Made from 100% recycled plastic
- No sharp edges for patient comfort
- Unique quad air core design to ensure dry air
- Cardboard packaging which is easily recyclable

CONTINU HAND SOAP & SANITISER FOAM

- At last an alcohol free disinfection solution that can be used safely on skin without causing dryness or irritation
- Users say that Continu has a conditioning effect even with constant use
- Some customers have also reported that after using Continu, dermatitis and other skin conditions have diminished
- Continu hand sanitisers are available either as a disinfectant foam for use without water between patients or as an antimicrobial soap for surgical scrubs and to clean hands between sessions

NU008 Anti Microbial Hand Santising Foam 600 ml ... **£6.45 pack**
 NU009 Anti Microbial Hand Santising Soap 600 ml **£6.95 pack**
 NU014 Wall mounted Bracket for above **£20.95**

CONTINU DISINFECTANT FOR DENTAL UNIT WATER LINES

- HTM 01-05 states that, “no currently available single method or device will completely eliminate biocontamination of dental unit water lines or exclude the risk of cross-infection”
- CE marked for use with medical appliances, Continu Disinfectant for Dental Unit Water Lines is highly effective at eliminating biofilm to achieve long term reduction in microbial contamination
- Yet, being water based, it is very gentle, making it harmless to water lines and safe for patients
- As the disinfectant only needs to be applied weekly, it saves staff time and provides a cost effective solution
- Available in one litre bottles or economic and environmentally friendly five litre refills

NU016 Refill 5 litres **£24.95 bottle**

CONTINU HAND SOAP & SANITISER FOAM POUCHES

- For hand washing, HTM 01-05 requires that “wall mounted liquid hand wash dispensers with disposable cartridges should be used ... Refillable hand wash containers should not be used”
- Continu alcohol free antimicrobial hand wash and sanitising foam products are available in sealed disposable cartridges and wall mounted dispensers to comply with HTM 01-05 but unlike alcohol based alternatives they are very kind to skin
- The wall mounted touch free unit is particularly economical as it dispenses 0.4 ml each time it is used so a single one litre pouch provides 2,500 applications.

NU025 Hand Foam Pouch for Dispenser 800 ml ... **£8.95 pack**
 NU012 Hand Foam Pouch for Dispenser 1 litre **£9.95 pack**
 NU026 Hand Wash Pouch for Dispenser 800 ml **£9.95 pack**
 NU013 Hand Wash Pouch for Dispenser 1 litre **£10.95 pack**

CONTINU SURFACE CLEANER and DISINFECTANT

- Continu complies with the HTM 01-05 requirement to clean surfaces with a suitable detergent
- The surface cleaner offers a 2 in 1 solution that removes dirt or grease whilst disinfecting the treated area to ensure surfaces are clean as well as decontaminated
- Available in 750 ml trigger spray containers or impregnated wipes
- For a more cost-effective and environmentally friendly solution, refills are available for all Continu wipes and sprays

NU002 2 IN 1 Surface Cleaning & Disinfectant Wipes 200's **£6.95 cannister**
 NU004 x 2 IN 1 Surface Cleaning & Disinfectant Wipe Refill 200's . **£5.95 cannister**
 NU006 2 IN 1 Surface Cleaning & Disinfectant Spray 750 ml **£6.95 bottle**
 NU007 2 IN 1 Surface Cleaning & Disinfectant Refill 5 litres **£21.95 bottle**

CONTINU DENTAL INSTRUMENT CLEANER

- HTM 01-05 says that “effective cleaning of dental instruments before sterilisation is of the utmost importance to reduce the risk of transmission of infectious agents”
- The Continu Dental Instrument Cleaner is a concentrated solution that should be diluted to 5%
- It is ideal for pre-cleaning instruments as it is so gentle that it will not damage equipment but the surfactant is sufficiently powerful to remove debris
- HTM 01-05 states, “Alcohol has been shown to bind blood and protein to stainless steel. The use of alcohol with dental instruments should therefore be avoided.”
- The Continu Instrument cleaner has been shown in tests against leading alcohol based alternatives to eliminate protein from surfaces
- Available in a 1 litre bottle with measuring cap that delivers 20 litres of cleaning solution or a cost effective 5 litre refill that produces 100 litres, the Instrument Cleaner is for use on dental equipment

NU017 Concentrate 1 litre (make 20 litres) **£14.95 bottle**
 NU018 Concentrate 5 litres (make 100 litres) **£47.95 bottle**

CONTINU FLOOR CLEANER

- 2 in 1 cleaner and floor disinfectant
- One 5 litre bottle concentrate makes 20 litres of cleaning product
- Cost effective alternative to bleach based detergents
- Independently tested against bacterial, fungicidal and virucidal activity to exceed European Standards

USL 8005
 Continu Floor Cleaner
 and Disinfectant
 5 litres ... **£33.95**

i-PAK ULTRA KNITTED RETRACTION CORDS

each £12.95

Buy 2 get 1 FREE

Indications:

- For gingival displacement and hemostasis before bonding and/or restorative placement procedures
- For use to aid in making impressions for fixed prosthetics
- Use cords #00, #0 for hemorrhage control around deep Class III and V preparations and as a bottom cord in a "two-cord" displacement technique
- Use them when bonding veneers
- The smaller sizes are beneficial when working with delicate tissues

Advantages:

- Cord is made of 100% cotton
- Knitted into thousands of tiny loops forming long interlocking chains
- The unique knitted design exerts a gentle continuous outward force following placement as knitted loops seek to open
- Easy to control and place
- Will not tangle in burs or packers

IPU11 (medium thin, blue)
Knitted retraction cord No.1, 244 cm
IPU01 (medium, lilac)
Knitted retraction cord No.0, 244 cm
IPU02 (thin, yellow)
Knitted retraction cord No.00, 244 cm
IPU03 (ultra thin, black)
Knitted retraction cord No.000, 244 cm

HAHNENKRATT CONTEC ROOT POST SYSTEM

Contec is designed for roots with rather conical shape. The shape is designed with two different tapers and follows the natural shape of the root canal

- Utmost bending strength HT-Glassfiber: 1.678MPa (Determined accordingly to EN ISO 178)
- Utmost fatigue and fracture resistance
- Homogeneity due to dentin-like elasticity
- Safe adhesion due to micro-retentive surface
- Effective, sharp cutting burs
- High radiopacity

H1SNL

Round

opt. 1.500-2.000

Shank L (mm)	-	-	-
RAXL Order No.	006	008	010
5 pcs/box	£26.95		

EDENTA HISNL ENDO CARBIDE BURS RAXL

Efficiently cutting special endodontic bur used for detecting all root canals in the case of multirouted teeth. The H1SNL has a particularly high cutting efficiency and its long neck ensures a clear view in deeper regions of the cavity for opening the access cavity of the root canal system. Use in a contra-angle with micromotor at **1,500 - 2,000 rpm**, without cooling, dry and apply only light pressure during preparation.

Shank L (mm)	9.0
Order No. C269GKS	016 FG
3 pcs/box	£26.95

EDENTA ENDO ACCESS BURS FG/FGXL/FXXG

Special endodontic bur with a long, conical blade configuration and cross-cut used for preparing a funnel-shaped access in the pulp chamber. The cross-cut guarantees quiet, efficient removal of tooth structure. The rounded, non-cutting bur tip (safe end) prevents penetration into the root canal walls and pulp chamber floor. Application after removal of the pulp chamber roof using the endodontic bur 802L for extending the access opening to ensure successful endodontic treatment.

H152

Conical Long

max. 120.000

Size Ø 1/10 (mm)	009	009
5 pcs/box	£39.95	

EDENTA ENDO CARBIDE BURS FG/FGL

Special endodontic drill with a long, conical blade configuration for producing a funnel-shaped access into the pulp chamber. The rounded, safe end drill tip prevents penetration into the root canal walls and the floor of the pulp chamber during drilling. Maximum motor speed **120,000 r.p.m.**, apply only light pressure during preparation.

STODDARD ENDO II DIAMOND BURS FG

max. 300.000

Order No.	FGD802K
L (mm)	10.0
Ø (mm)	1.4
5 pcs/pack	£12.95

The DIA-ENDO II is a combination of a round and cone shaped diamond which allows access into the pulp chamber and preparation of the chamber walls, in one operation

5 pcs/box	£13.95	£13.95	£14.95

Special endodontic drill for reducing the pulp chamber roof and extending the access opening for successful root canal treatment. The long diamondcoated instrument neck facilitates producing a straight access to the root canal and creating a funnel-shaped access to the pulp chamber. The special diamond grit guarantees rapid and gentle removal of the tooth structure. Speed opt. 120,000 – 160,000 rpm. Apply only light pressure during preparation.

Terms and Conditions

All prices shown are VAT exclusive. All prices, including delivery, special deals and products are subject to change without prior notice. Premium Plus reserves the right to correct errors and omissions in any of our advertising (paper or electronic). Catalogues (prices and specials) will be deemed to be superseded on the issue of the most recent catalogue/ flyer. Goods will not be accepted for return without prior authorisation. Customers must notify Premium Plus of a return within 7 days from the date of delivery. Returned goods received after this time or without prior authorisation may not be accepted. Costs incurred for the return of goods will be at the Customers expense, except in cases of incorrectly supplied or faulty goods. Returned goods must be in a re-saleable condition (inclusive of all original packaging, unopened and unused). Credit accounts are due strictly 30 days from the invoice date. In the event that the Customer fails to pay any monies by the due date, interest may be charged at the rate of 2% interest per month. The Customer is liable for all costs incurred by Premium Plus in the recovery of any debt, including legal fees and any other associated costs. Premium Plus retains ownership of the goods until they are paid in full. Premium Plus shall endeavour to dispatch all orders received before 3pm for either next working day delivery or 1st Class Post dependant on order weight and value. However, delivery dates and times specified are approximate only. Premium Plus cannot guarantee delivery times and will not be held liable or responsible if any timeframes cannot be met. Substitute goods may be supplied when those ordered are unavailable. Equipment warranties are as stated in catalogues/flyers or instructions and are considered void if not used as per instructions, or considered to be mistreated / incorrectly serviced or cared for.

Terms and conditions will be provided prior to opening an account and will be deemed to be accepted once the account has been opened. To view our full Terms & Conditions, Privacy Policy, Delivery and Returns policies please visit our website at www.premiumplusuk.com or contact us by phone or email.
